Don't let the "Made in Israel" sticker fool you—you might receive products which were produced with stolen resources from stolen land. The profits out of that are used for the continuation of illegal colonies.

Ahava promises "Beauty Secrets from the Dead Sea." But the real secrets it keeps are an ugly truth—its products actually come from stolen Palestinian natural resources in the Occupied Territory of the Palestinian West Bank, and are produced in the illegal settlement of Mitzpe Shalem.

Ahava, thus benefiting directly from the occupation and colonization of the West Bank and supports the apartheid in Israel / Palestine.
